

An Invitation

Māori Women's Development Inc and Auckland Council (Te Waka Angamua) will be delivering another successful series of workshops to upskill and empower Māori in the world of business.

The first of two development workshops is called "Facilitating Personal Financial Management". This course presents participants with the underlying adult learning theories, learning styles, models and strategies for teaching financial literacy, monitoring and evaluation of financial literacy programmes.

Who is this programme for?

This programme will benefit individuals keen to deliver Financial Literacy Workshops to their Whanau, community or organisations. We are also interested in providing opportunities for participants to join our pool of facilitators to work within our programmes for MWDI.
